

BENDING UNIT BU - 40mm up to BU-100mm

THE MOST ACCURATE BENDING UNITS AVAILABLE ON THE MARKET

Precision leveling for 90°-bendings adjusts with zero backlash
Direct water-cooled optics for highest laser power
(optics also available in direct water-cooled aluminum)

No need of adjustment after exchange of optics
(therefore reduced service costs)
Compact construction, possibility of attachment on 4 faces

Identical optics for various components
(reduces the wide range of optics needed for stock)
Safety switch available optional
Cross-hair target (available)
